

OUR FRIENDS

CARMEN

Born leader! Leading personality, dynamic, reactive, when something bothers her, but always respectful and willing to help. She likes traveling abroad and is sociable. Excellent in company, but believe me, you wouldn't want to argue with her!!!

NATALIA

Always smiling, just like in the photo. Smart, studious, kind, she knows how to propose solutions. She is involved in various sports and is very good at soccer too! She wants to travel all over the world, that's why she likes learning languages. Natalia, if you can, learn Greek!!!

SHEILA

**Friendly and smiling.
Together with Natalia
she composes a duo of
joy! She is a handball
player in the local team,
listens to music and
loves traveling to new
places. Sheila, here is the
opportunity for
explorations and new
experiences!!!**

MAFALDA

The multi-talented! She sings, plays music, paints, participates in theater performances and dances Greek dances better than Greeks. She overflows with kindness and wins you over from the first moment with her smile!!!

LUIS

Another leader. He takes initiatives, is organized and knows how to work in a team. He's athletic and likes to write (that's a bit rare for a student, huh?). He looks you straight in the eyes and it's like he's telling you: don't worry, I'm here!!!

CARLOS

The sociable. He was one of the first to approach us, he spoke to us with ease and seriousness. After a while became the soul of the group with his jokes and pranks. He declares that he is willing to get to know the Greek culture: friend, put on sports shoes and get ready for a long walk!!!

ADRIÁN

The discreet. He participates in all actions, giving his best, but he likes to stay behind, leaving the initiative to others. As a fan of Real Madrid he loves football. Fishing relaxes him (Adrian, you have a lot of sea in Greece!) and he says he can't wait to meet the Greeks (Adrian, you have many around you)!!!

MIGUEL

Multitalented too. He likes technology and robotics, plays the electric guitar and does weight training. That's why he is invincible in push ups !!! Extroverted, sociable, likes to go out and have fun. Miguel, Thessaloniki is waiting for you!!

QUILLERMO

The artist! He plays incredible piano, from Chopin to Kalamatiano. In addition, he is also very fond of cars (thinking: pianist or engineer?). He avoids the many words, but carefully observes everything around him. If you want a definite answer about something, ask Quille!!!

JORGE

Energetic and sociable. We first met him with a broken leg, but that didn't stop him from always being by our side in all actions! He is a handball player, loves cars and likes videogames. Jorge, get off the electronics and get ready for tours in Thessaloniki!!!

HUGO

**Kind and intelligent child.
He wants to help his
friends and is very giving.
He likes team sports and
does very well in all of
them. He knows PAOK
slogans and this is a very
good reason to like him!!!**

PACO

**The man for all jobs!
Mainly, he is a gymnast,
but you see him with
various tools doing
everything at school.
That's why the students
love him so much and
the other teachers often
wonder: where is Paco?**

ELOISA

**The soul of the program!
Active, methodical,
organizational, she doesn't
let any detail escape her.
She is everywhere and
tirelessly helps anyone who
needs her. It is a nice
combination of kindness,
politeness and dynamism.
They matched perfectly
with Mrs.Tsaprani.!**

MOMENTS DURING OUR MOBILITY

**In the Modern Art
Museum in Caceres**

At school..

At school

At school..

**At the entrance of the
city**

In the Town Hall

And a short video, which shows how much the children bonded with each other!

WELCOME !!!
